MARINE

The Pacific Mail steamship Korea arrived yesterday morning at 10 o'clock, bringing mail, freight and passengers from San Francisco. She brought 77 first-class passengers for this city and has a large through list, which will be increased by a number of people now in this city on their way to the Orient. She brought 150 tons of freight for this city, a large part of which was fruit and market goods of various kinds which came down in the cold storage compartments. The Korea carries a very small cargo for the Orient, having only 4000 tons on board. Among the through passengers are 40 school teachers who are going through to the Philippines. They travel on the transports as a rule but there are so many troops going through at present that they were crowded out and have been compelled to travel on one of the regular liners. In the number are teachers of every age, size and description, but, according to the officers of the Korea, the "pretty schoolmarm" is conspicuous by her absence.

Among the tourists to come here on the Korea is Attorney Bush Fennell, of San Francisco. He is one of the best known of the attorneys who took part in the defense of Mayor Schmitz, and is a great favorite with the labor unions in San Francisco. When the Korea sailed for this city the Labor Union band was at the dock to play him away and the crowd of labor people was so great that the steamer was delayed in sailing. While here Mr. Fennell will investigate the rubber industry in the behalf of clients of his who are interested in it. He also is desirous of a vacation and will remain here for some little time. He was greeted at the Naval wharf by his wife who has been here for several weeks already.

Judge Charles W. Slack, a prominent attorney of San Francisco, who formerly occupied a position on the bench in the Superior Court in that city, was among the Korea's passengers. He is accompanied by his wife and two daughters.

Among the local people to return was Harold Dillingham, who was been away for the past two months on a pleasure trip. Charles F. Murray, of the local Customs House, returned from a vacation trip. Mr. and Mrs. E. C. Brown, who have been away on a six months' trip were also among the arrivals.

CHINA IN AND OUT.

The Pacific Mail steamship China was off port early yesterday morning and came in to the Hackfield dock. She sailed for the Coast last night at 6 p. m. She brought a fair amount of freight for this city but a rather small passenger list, the travelers preferring to go on the larger ships of the company when possible. In leaving here she took away 25 first-class passengers, among whom were some well-known people. S. M. Ballou recently appointed to the Supreme Bench in this Territory was among those to

HILONIAN SAILS TODAY.

The steamship Hilonian, of the Matson Navigation Company, will sail this morning at 10 o'clock for the Coast with passengers, freight and mail. Her passenger accommodations are crowded to the very limit and she has all the freight that she can carry. The principal shipments consist of 3500 tons of sugar, 2000 bunches of bananas and nearly 1000 tons of pineapples. Capt. Johnson expects to make the trip up in a little over seven days, if he meets with good weather.

INTER-ISLAND FLEET.

This is the regular sailing day of the inter-island fleet and the usual ships will leave. The Kinai has a large passenger list and carries a large amount of general merchandise from this city for the towns and plantations on Maui and Hawaii. The W. G. Hall will get away at 5 o'clock for Kaula ports and the Iwani will leave at the same time for Molokai and Maui.

TRIP OF ENTERPRISE.

SAN FRANCISCO, July 6. — Early today the Matson steamer Enterprise arrived from Hilo, towing the tugboat Elen. Thirty-five passengers were aboard the Enterprise, which occupied eleven days on the 2000-mile run from the islands. Although the trip was slow the passengers enjoyed the outing, on the Fourth of July carrying out such a program of entertainment that all hands went to their bunk beds and happy. Miss Jessie Paulsell of San Jose was chosen Goddess of Liberty, and in a chariot constructed by the ship's carpenter, received due homage from all the other passengers. Mrs. A. Holmes read the Declaration of Independence, and J. Marks delivered an oration. Fred Moses, a lumberman of Newark, Cal., acted as master of ceremonies.

The tug Elen was formerly the Alert, which sailed from here twenty years ago and has since been in duty in Hawaii. On the trip from Hilo the Elen was swept by heavy seas and it was necessary for the men aboard to construct bulkheads to prevent the deckhouse from being stove in.

The Enterprise brought a cargo that included 56,300 bags of sugar, thirty-four bags of coffee and 136 boxes of canned pineapples.

ARIZONAN COMING.

The American-Hawaiian Arizona sailed from Seattle for this city direct on July 13 and is due here on July 22. She brings a large cargo of miscellaneous freight from the Sound and will load with sugar, here and on Maui, for Salina Cruz.

The Nebraska, coming here from Salina Cruz, sailed on July 10 and should be off port on the morning of July 22. She brings a full cargo from New York for the merchants of this city and will probably break the record time with freight from the East.

SALUTE THE CHINA.

When the China went out last night she was saluted by every vessel in the harbor which had steam up. The little Intrepid gave voice first, making a noise far out of measure to her size, and was answered by the liner. The Hilonian followed suit and dipped her flag. The last salute came from the Korea, which drowned all the other noises. Not to be outdone, the China answered with her siren, and it could be heard almost as far as the Pal, when it sent out its mournful shriek.

NEVADAN'S SCHEDULE.

The American-Hawaiian steamship Nevada left Kahului for this city last night and should be off port this morning. She will be loaded with all dispatch possible and will be ready to leave here Thursday noon. She should start from San Francisco on her next trip about July 31.

IRMGARD TO SAIL.

The barkentine Irmgard, Captain Schmidt, will sail for San Francisco this morning with a cargo of sugar. She will also carry passengers, a good many of the local people being glad to make the longer trip on a sailing vessel on account of the rest which may be obtained.

TO RUN TO PORTLAND.

The transport Lawton, which was bought from the Navy Department recently by the Pacific Mail Company, will be used on the run between San Francisco and Portland. She is being overhauled and will be placed in first-class condition before being used for the Coast work. Who will command her has not been announced as yet.

KAPAA WILL BE SETTLED.

(Continued from Page One).

to have the water managed by a single authority. There is plenty of water for all.

Mr. Pratt had gone all over the lands the day of the meeting. He inspected the natural reservoirs on the higher levels and the ditches and was quite satisfied with the water situation. Rumorists, before his visit, had caused the intending settlers some disquiet of mind. They fostered a report that Mr. Pratt was to be superseded in the commission by Mr. Laukae and that the policy of settling the lands was to be abandoned. The Makee Sugar Company getting a renewal of the lease under one condition among others that each of its laborers should have a home plot of one acre of land.

Mr. Pratt informed those whose minds had been disturbed that he had reason to believe there would be no change in the policy of the Government. If any of them withdrew their applications he was certain that others were ready to take their places as applicants. They certainly had no assurance of permanent homes on the lands if the company got them back, for the company might discharge them at any time and then they would have to vacate their plots. The home would go with the job.

KNIGHTS OF PYTHIAS ENTERTAIN SATURDAY

The Knights of Pythias entertainment and dancing party, to be given in the new hall Saturday evening next, will have a number of excellent features. There will be vocal and instrumental solos by well known local artists. One of the songs will be a new patriotic composition by Clyde Baldwin, the boy soprano. There will be recitations, violin and piano numbers. The music for the dance will be by one of the best quintet clubs. Tickets for the concert and dance are 50 cents each and may be had of all members of the order.

DOG KILLS CUPID'S DEER

The tame deer at Prince Cupid's Wai-kiki residence have been suffering from the intrusion of dogs recently. Just before the Prince went to Kaula two deer were killed by dogs in one night. The next night the Prince himself was away, but his wife stationed a man to watch for the intruder if he should appear again. About 3 o'clock in the morning she was awakened by the barking of a dog and, throwing on a wrapper, hastened out in time to see the dog, which had killed another deer in the meantime. She had a pistol with her and tried to kill the animal but, owing to the darkness, was unable to hit the dog.

Prince Cupid has a number of fine tame deer in his grounds and it seems a shame that they cannot live unharmed. He has no idea who owns the dog which has killed the pets but will shoot the animal on sight if he can get a chance at him. If anyone owning a dog in that section has found the animal with a bloody mouth in the morning he should be careful to keep him chained up at night.
